3. Invalidenstraße 42: M8, M6, U6 to Zinnowitzerstraße, or Bus 245 stop Zinnowitzerstraße

The entrances to the Northern Campus and House 12, Philippsstraße 13 (location of the Division of Resource Economics) to **Luisenstraße 53** and **Invalidenstraße 42** (Main Building of the Faculty of Agriculture and Horticulture and the Northern Building) are marked in **red**. The staff of the Division of Resource Economics is located in these buildings.

Entry to **House 12**, Philippsstraße 13, is only possible from within the Northern Campus. The Central Information System of Humboldt University (ZIS) displays "Hannoversche Straße 27" as official address of the Division of Resource Economics. This indicates the street adjacent to House 12 outside the Campus. However, the doors of House 12 on Hannoversche Straße 27 are permanently closed. To arrive at the opposite side of the building where doors are open during daytime on workdays, you must first enter the Northern Campus. Entry to the Campus is always possible via Philippsstraße, where you can find the main entrance and the gate keeper. However, there is also a metal door on Hannoversche Straße directly adjacent to House 12a, opposite to the "Katholische Akademie"/"Haus der Bischofskonferenz". This door is open workdays until 8 pm.

Further entrances to the Northern Campus can be found on Reinhardtstraße behind the bunker, on Claire-Waldorf-Straße and on Luisenstraße 56. The doors are usually closed after 8 pm on workdays. Only the entrances at Luisenstraße and Claire-Waldorf-Straße are occasionally opened on Saturdays during daytime. The Division of Resource Economics and most of the lecture and seminar rooms can be accessed via the two doors at the back of House 12. All doors of House 12 are closed during weekends and after 6 pm on workdays. After that they can only be opened by personal chip cards or front door keys.
